ELECTION RETURNS.

Later Reports From Tuesday's Contest.

THE MAJORITIES INCREASING.

McKinley's Plurality Now Placed at Eighty Thousand and Probably Has a Majority of Thirty Thousand—Reports From the Other States.

COLUMBUS, O., Nov. 9.—The returns from Tuesday's election show that Governor McKinley has 80,000 plurality over Neal and 30,000 majority over all his three opponents. The legislature is overwhelmingly Republican and stands as follows:

Senate—Republicans, 24; Democrats, 7.

House—Republicans, 82; Democrats, 25.

Out of 88 counties in Ohio McKinley carried 64 and in many of the others was only a few hundred behind Neal. It is the largest plurality or majority ever given any man elected governor in the state, save the 101,882 to Brough over Vallandigham in 1863.

The Republican gains were uniform all over the state and the country precincts gained as much for McKinley as the voting places in the cities or manufacturing towns. This city gave Mr. McKinley 2,000 majority and the county 1,600, going Republican for the first time since 1855.

The proposed taxation amendment to the constitution is, in all probability, defeated. The other amendments were also defeated, owing to the indifference of the voters.

New York.

NEW YORK, Nov. 9.—The latest returns from all parts of the state show that the victory is fully as great as the most enthusiastic of the party's leaders have claimed. Bartlett's majority for judge of the court of appeals over Maynard is in round figures 89,700. General Palmer's majority for secretary of state is 35,000.

Of the 60 counties Maynard secures a majority in only seven, viz.: Albany, Chemung, Greene, New York, Rensselaer, Schoharie and Seneca. He carried New York by about 32,000. Bartlett's largest majorities are in Kings, 20,000; Erie (President Cleveland's old home), 11,500; Monroe, 8,000, and Chautauque, 6,000. The smallest majority is in Schenectady, 255.

Meyer, the Democratic candidate for secretary of state, carries 16 counties, five more than Maynard. The counties which he carries and which go against Maynard are: Queens, Meyer's home; Richmond, Rockland, Schenectady, West Chester. Meyer's majority in New York county is more than double that of Maynard—64,975. In Kings his vote is 9,000 more than Maynard's. The total majorities for judge of the court of appeals and secretary of state are as follows: Bartlett, 135,000; Maynard, 45,400; Palmer, 109,000; Meyer, 74,000.

Utah.

SALT LAKE CITY, Nov. 9.—Election returns from all over the territory indicate a mixed result with large Republican gains on the average. This city elects two Liberals and one Democrat to the legislative council. The Democrats probably have five of that body, the Republicans five. The Liberals elect six members of the lower house in this city. The indications are that the other 16 will be evenly divided between the Republicans and Democrats.

In this city a coalition of Republicans and Democrats elect municipal ticket except treasurer and 10 of the council. The Liberals elect five. Ogden was carried by the Republicans on both the municipal and legislative ticket.

Kentucky.

LOUISVILLE, Nov. 9.—There is no way of making a comparison of the vote in Kentucky this year with that of preceding elections, as no state officers were voted for. The Democrats have gained probably 10 legislators, but this is partly due to the redistricting of the state by the last legislature. It is certain that the aggregate vote of the counties will be much smaller than in the election two years ago. In some counties the vote cast Tuesday were not more than one half the usual number. This loss comes mainly from the Democratic side. The Populists have been practically wiped out. The Democrats will have at least 105 members of the legislature out of a total of 138.

Kansas.

TOPEKA, Nov. 9.—As only county officers and district judges were elected in Kansas this year it will be impossible for several days yet to make comparisons showing party gains and losses. The returns indicate that the Populists have lost ground, but they claim that when the rural districts are heard from the figures will show that they have at least held their own. The Republicans have probably elected seven judges, the Populists five and the Democrats one. The Republicans claim to have secured most of the offices in at least 75 of the 105 counties in the state and to have elected nine of the 13 judges.

Iowa.

DES MOINES, Nov. 9.—Pluralities received up to 1 a. m., from 93 counties give Jackson (Rep.) 43,528 and Boies (Dem.) 14,652. This gives Jackson a net plurality of 28,876 with six counties to hear from, five of which are Republican. It has been impossible to make any estimate of the returns and Populist vote as the returns are very imperfect. The latest returns show that the Republicans have elected 76 members in the lower house of the assembly and the Democrats 24, giving

one republican the largest majority they have had in the assembly for over 12 years.

Virginia.

RICHMOND, Nov. 9.—The following summary of the vote has just been made up at Democratic headquarters: Fifty counties give a Democratic majority of 23,704; 15 cities a Democratic majority of 17,981. There are 50 counties and the city of Bristol to be heard from. The indications are that the Democratic majority will reach 50,000. Following are believed to be the only counties in the state that have gone for the Populists: New, Kent, Campbell, Caroline, Prince George, Greenville, Powhattan, Prince Edward, Sussex, Tazewell and Floyd.

Pennsylvania.

PHILADELPHIA, Nov. 9.—With full returns from almost every county in the state, it looks as though the Republican majority on the state ticket would not be less than 130,000. The official vote in almost every instance has far exceeded the estimates of the most sanguine Republicans. Allegheny county, for instance, has been down on the Republican column for 20,000 majority. It gives over 27,000.

Maryland.

BALTIMORE, Nov. 9.—The Democrats have carried this state by 20,000 plurality. They also elect 68 of 91 members of the house of delegates and 20 out of 26 senators. The Republicans gained heavily in western and southern Maryland. In this city the Democrats elected 18 of 23 first branch councilmen and 8 of 10 in the second branch. Mayor Latrobe (Dem.) ran behind his ticket.

Nebraska.

OMAHA, Nov. 9.—Returns from the state are coming in slowly, and seem to indicate the election of Holcomb, Populist, for supreme judge by 5,000 over Harrison, Republican.

South Dakota.

YANKTON, Nov. 9.—In South Dakota returns show that Fuller, Republican, for judge in the Sixth district, is considerably ahead of Hartley, Democrat.

Massachusetts.

BOSTON, Nov. 9.—The whole Republican ticket will have a majority of over 30,000, making the legislature solidly Republican.

New Jersey.

TRENTON, Nov. 9.—The New Jersey legislature will be Republican on joint ballot.

Detroit.

DETROIT, Nov. 9.—Complete returns from Tuesday's election show that the entire Republican municipal ticket has been successful. Pingree (Rep.) for mayor, is elected for the third time by a plurality of 5,700, and the balance of the ticket is carried by pluralities ranging from 1,000 to 4,500.

The Democrats made a net gain of three in the board of aldermen, but the Republicans will still have a large majority.

Levi T. Griffin (Dem.) is elected to fill the vacancy caused by the death of Congressman Chipman of the First district, by a plurality of 1,700.

Chicago.

CHICAGO, Nov. 9.—Returns from the polls are complete enough to make it certain that all the Republican candidates for the bench except J. Henry Kraft, the Socialist, are elected by safe majorities, ranging from 2,000 to 12,000.

CAUGHT JUST IN TIME.

The Man Who Robbed the Minneapolis Bank Arrested in New York.

NEW YORK, Nov. 9.—On Aug. 31 of this year Philip M. Scheig, who had long been the trusted paying teller of the Bank of Minneapolis in the city of that name, decamped with \$90,000 of the bank's funds. In accomplishing the theft he was aided by two brothers, Lou and Frank Floyd.

The three men went to St. Louis from Minneapolis, and after purchasing an expensive outfit, went down to Tennessee to enjoy the pleasures of an out-of-door life. Tiring of this they went to Charleston, S. C. A short time ago they determined to go to Europe, and arrived in New York about two weeks ago. They procured passage on the steamer Wadsworth of the Lamport and Holt line, bound for Southampton.

The vessel met with an accident when she was but a little way on her voyage and put back to this port. Frank Floyd and Philip Schieg resolved not to wait for repairs to be completed, but engaged passage on the steamship Spree and went to Southampton on that vessel on her last trip. Lou Floyd decided to wait on board the Wadsworth until repairs had been completed.

The New York police had been on the lookout for the trio and last night one of Inspector McLaughlin's men captured Lou Floyd on board the Wadsworth, which is lying in North river. The authorities at Southampton have been cabled. It was the intention of Philip Schieg and Frank Floyd to go to Rio Janeiro from England.

Anarchists Fined.

CHICAGO, Nov. 9.—Benjamin Bill and Charles Stockey, alleged by the police to be dangerous anarchists from Cleveland, were in court here yesterday charged with disorderly conduct and carrying concealed weapons. They were arrested while creating a disturbance in a saloon. When searched a revolver was found in the possession of each of the men and also a number of papers pertaining to anarchistic affairs. Membership cards to the Cleveland Arbeiter Bund were also taken from them. They failed to give a reasonable account as to why they carried a revolver, and were each fined.

DODGED THE ISSUE.

Many of the Senators Who Will Be Up For Re-Election.

WASHINGTON, Nov. 9.—When the fact is considered that the legislatures which are elected next November will choose 80 United States senators, there is little surprise that there was so much straddling and evasion and indefiniteness upon the silver question in the upper branch of congress. The senators whose terms expire March 3, 1895, and who will be up for re-election before the legislatures chosen at the general elections next November, are as follows:

Berry, D., Arkansas; Butler, D., South Carolina; Caffery, D., Louisiana; Camden, D., West Virginia; Carey, R., Wyoming; Chandler, R., New Hampshire; Coke, D., Texas; Colquitt, D., Georgia; Cullom, R., Illinois; Dixon, R., Rhode Island; Dolph, R., Oregon; Frye, R., Maine; Harris, D., Tennessee; Higgins, R., Delaware; Hoar, R., Massachusetts; Hutton, D., Virginia; Lindsey, D., Kentucky; Manderson, R., Nebraska; Martin, D., Kansas; McMillan, R., Michigan; McPherson, D., New Jersey; Morgan, D., Alabama; Pettigrew, R., South Dakota; Power, R., Montana; Ransom, D., North Carolina; Shoup, R., Idaho; Walthall, D., Mississippi; Washburn, R., Minnesota; Wilson, R., Iowa; Wolcott, R., Colorado.

It was a severe test of the moral and political courage of these senators when they were called upon to array themselves directly in favor of or against unconditional repeal when the silver bill was placed upon its passage. Many of them had advocated a compromise peculiar to their own notions and had hoped to evade the direct issue. It is acknowledged that silver will be a prime factor in the congressional campaign of next year, and it was at times amusing and then painful to see senators in states closely divided upon the silver issue dodging the main question during all of the recent struggle in the senate.

It becomes easier for those who really opposed unconditional repeal and favored either a compromise or the leaving of the silver question where it was to support the measure when they knew it would have a large majority. Men in congress always feel better in supporting a measure against their protest if they know that it is to become law by a goodly majority. There is no doubt that this act gave the unconditional repeal bill a half dozen or more votes than it would have received had there been any doubt as to its receiving a majority.

Several of the senators who voted for unconditional repeal have already announced that if, as already reported, Chairman Voorhees introduces or supports a free silver coinage bill they will also support it. They make this announcement first to set themselves right with their free silver constituency, and secondly, because they know that such support can do the finances of the country no harm as the bill would be promptly vetoed by the president should it get through both branches of congress. The congressional record will figure conspicuously in the campaign next year and in the proceedings of 30 legislatures a year from this winter.

INTERESTING LAND CASE.

The Only One of the Kind Ever Before the Land Office.

WASHINGTON, Nov. 9.—Assistant Land Commissioner Bowers is considering an interesting land case from Louisiana. About the beginning of the war the United States granted patents to citizens of Louisiana to the amount of 13,000 acres. These patents were never recorded.

The governor of Louisiana during the war granted to the same parties the same lands by state patents, assuming that as Louisiana had gone out of the Union that it had taken the public lands within its borders with it. The state patents were recorded and at present are the only title by which the lands are held.

The lands have been assigned, and a request is now made to the general land office for patents from the United States in order that the title may be secured to the parties now owning the lands. This is the first case of this kind that has ever come before the land office.

DEEPLY REGRETTED.

The Firing on the American Flag by Honduras.

NEW YORK, Nov. 9.—Herald's La Libertad dispatch says: The firing upon the American flag by the commander of the port of Amapala on Monday when seven cannon shots were sent after the Pacific Mail steamer Costa Rica is deeply regretted by the whole population.

It was all done by President Vasquez's direct orders, such was his keen desire to get hold of his old enemy Barilla, who was on the Costa Rica, but he now throws the entire blame on the commander of the port.

United States Minister Baker, who was on the Costa Rica at the time, has gone to Acapulco in order that he may meet Mr. Young, United States minister to Guatemala and Honduras, who is on board the United States warship Alliance. They will discuss the affairs.

Annie Pixley Dying.

NEW YORK, Nov. 9.—Herald's London dispatch says: It is learned that Miss Annie Pixley, the well known American actress, is dying of brain fever. She is lying at the house of her brother-in-law, Mr. Edwin Fulford.

Wreck Down in Texas.

AUSTIN, Nov. 9.—An International and Great Northern train was wrecked near Hutto by a breaking axle. The cars were partly destroyed by fire and a number of passengers painfully injured.

THE DISASTER ON LAKE NIPISSING.

Twenty or Twenty-One Lives Lost Instead of Eighteen.

NORTH BAY, Ont., Nov. 9.—Following is a partial list of those known to have been drowned by the burning of the steamer Fraser on Lake Nipissing: Captain W. Carr, Matthew Brennan, J. Sutherland, Alf Barbeau, William Storey, Thomas Osborne, Alex Douglass, John Haw, Isaac Shaw, John Smalley, Tom Massey, Tom Bowers, Tom Sheriff, James McCann and several others, whose names are known not by the survivors.

The survivors are: Neil McArthur, Alex Robertson, Stanley McMannemy, R. Pharoah, Fireman W. McIntosh, Edward Major, Cook John Adams.

The affair has caused great excitement throughout the district. The steamer was owned by Davidson, Hay & Company of Toronto, and was bound for Frank's bay with supplies for the lumbermen. She caught fire about three miles from Goose island and a panic must have ensued, as only seven lives, including the fireman and cook, were saved out of 27 or 28.

The burning boat was sighted from Frank's bay by Captain Burrett and an Indian, who jumped in a sailboat and hastened to the assistance of the imperiled crew; but by the time they reached the spot the Fraser was burned to the water's edge. Seven survivors succeeded in reaching the scow, which the Fraser had in tow, and these were rescued.

The boat's hull sank in about 25 feet of water, and the only thing now marking the scene of the disaster is a short piece of the stack extending above the water.

The large loss of life was due to the fact that the engine was not stopped before the engine was driven away by flames. In consequence the Fraser continued to plow through the water at a furious pace, and as the steering gear was out of reach the steamer's course was so erratic that it was impossible for the crew to save themselves. A lifeboat which was launched and occupied by a number of men was caught under the wheel and immediately swamped.

The boat was taking a gang of men to work, which accounts for the large number being on board.

SCHOOL CURRICULUM.

Important Meeting of National Educational Association.

NEW YORK, Nov. 9.—The committee of 10 appointed in July, 1892, by the National Educational association to study critically the curriculum of secondary schools and make definite recommendations leading to a uniformity and general improvement, is in session at Columbia college. This committee consists of the most prominent educators of the United States as follows:

President Charles W. Eliot of Harvard university, President James B. Angell of the University of Michigan, President James M. Taylor of Vassar college, President Jesse of the University of Missouri, president of the University of Colorado; Dr. William T. Harris, United States commissioner of education; Professor King of Oberlin college, Principal J. C. Mackenzie of the Lawrenceville schools, Principal D. D. Robinson of the Albany high schools and Principal John Lettelowe of the girls' Latin school, Boston.

This meeting is the final one and for the purpose of formulating the committee's report. The outcome of the deliberations of this committee is awaited in educational circles with considerable interest, since it is thought that it will afford a scientific basis for reorganization of secondary instruction in the private and public schools throughout the country.

WILL TALK STATEHOOD.

To the Five Civilized Tribes in Indian Territory.

WASHINGTON, Nov. 9.—The commission headed by ex-Senator Dawes of Massachusetts, and former chairman of the Senate Indian committee, will in a short time receive instructions from the interior department and go to Indian Territory to talk statehood matters to the five civilized tribes.

It is anticipated by those who are well acquainted with the conditions existing there that the commission will be able at once to convince the Indians that they would be better off if they should be granted the right of statehood than they now are.

The Indians, it is claimed, are very well satisfied with their present conditions and are not seeking any change which might materially interfere with their rights. They also will be strongly opposed to being made a part of Oklahoma and being admitted with that ambitious territory.

Mr. Dawes and his fellow commissioners may be able to convince them that statehood will be to their advantage, but those who know them best think that they will not be ready to give up their present condition even to try an experiment.

OLIPHANT TRAIN ROBBERS.

Another One Captured and One of Them Confesses.

LITTLE ROCK, Nov. 9.—Marshal Gaines has received notice that another of the Oliphant train robbers had been captured at Hiram, White county, and was being conveyed to Searcy. Weckerly, who was captured after being wounded at Conway, has made a confession.

A sensation was published in an afternoon paper here saying that a battle had occurred at Morrilton, in which a telegraph operator named Brown had killed Bud Pandum, supposed to be a member of the Oliphant gang. A telegram received from Morrilton in response to an inquiry by The Gazette says the story is a fake.

REAR-END COLLISION

Train Runs Into Another in Chicago.

THREE PEOPLE WERE KILLED.

Thirty Others Seriously Injured and Several of Them Will Die—The Wreck Takes Fire and Some of the Victims Are Badly Burned—Two Coaches and an Engine Demolished.

CHICAGO, 9.—By a rear-end collision on the Chicago, Rock Island and Pacific railroad yesterday evening at Seventy-first street, three people were killed and 11 injured. Passenger train No. 30, known as the limited vestibule express, crashed into the rear end of a Blue Island accommodation, badly wrecking two coaches and the engine of the limited. The dead are:

Mark Bowman, Rock Island, flagman at Auburn park.

Mrs. Aubrey, Blue Island.

Carrie Barnes, South Englewood; identified by engraving on finger ring.

The injured are:

N. Hitz, Walden, Ills.; both legs cut off.

Lottie Brigham, Chicago; head and body scalded.

Nicholas Washti, Chicago; left leg broken and body scalded.

Minnie Schaefer, Beverly Hills, Ills.; head and arms scalded.

Louis Scharp, Morgan Park, Ills.; both arms cut off.

J. W. Templeton, Morgan Park, Ills.; left hand cut off and body burned.

D. M. Snow, Longwood, Ills., 70 years of age; internal injuries; will die.

James W. Grady, Englewood, Ills.; left hand cut off and badly scalded.

W. F. Stoll, Blue Island, Ills.; internal injuries.

James Kinser, Washington Heights, Ills.; body scalded.

W. E. Jamieson, Englewood, Ills.; body and face burned.

A. W. Hodder, Blue Island, Ills.; back cut.

C. D. Thompson, Englewood, Ills.; face and head cut.

Roy Donley, Walden, Ills.; legs cut.

A. Henderson, Englewood, Ills.; badly bruised.

B. M. Russell, Tracey, Ills.; head cut.

Charles Max, Washington Heights, Ills.; body badly bruised and cut.

Kate Snow, Longwood, Ills.; badly scalded.

Mrs. Annie Kruser, Washington Heights, Ills.; badly burned; will probably die.

Malcolm Latham, Auburn Park, Ills., inhaled steam; will die.

Miss Latham, his sister; scalded and bruised.

A. Short, Morgan Park, Ills.; badly scalded.

M. O'Connell, Morgan Park, Ills.; head cut.

W. E. Kingman, Washington Heights, Ills.; body cut and bruised.

Wilber Wright, Longwood, Ills.; internal injuries.

Nelson Dickerman, engineer express train, badly scalded.

M. Kaiser, Washington Heights; badly bruised.

Bertha Usborn, Englewood; hip injured.

Mrs. C. H. Lapham, Morgan park; scalded.

W. E. Mycks, Washington Heights; left leg broken.

The Blue Island accommodation is scheduled to leave the city a few minutes ahead of the limited train, and both pulled out on time. The accommodation stopped at Seventy-first street to receive and let off passengers. Close behind it was the limited express bearing down on it at the rate, it is said, of 20 miles an hour. A heavy fog had settled over the city early in the evening and it was almost impossible to clearly discern signal lights.

The engine of the express train plowed its way into the rear coach of the accommodation. The car was picked up and carried forward, so great was the momentum, and was driven with terrible force into the end of the second coach from the rear. The explosion of a lamp ignited the woodwork in the debris and the fire soon began to spread rapidly.

An alarm was at once sent to the fire department, but before any of the engines had arrived the majority of the dead and wounded had been taken from the wreck, some of them, however, being badly burned. The engine attached to the limited express had been partly demolished, and pouring from one of its escape pipes was a constant stream of scalding steam. This made the work of rescue almost an impossibility at times. Men were driven back time and time again, and often the workmen were slightly scalded.

NO NEW BUILDINGS.

Chairman Sayers Playing the Objection Roll Strongly.

WASHINGTON, Nov. 9.—There will be no appropriations for public buildings by the forthcoming congress, if Chairman Sayers of the appropriation committee succeeds in carrying out his plans, beyond that for a new government printing office, the necessity for which is clearly recognized from the condition of the present structure. It is proposed to provide an appropriation of \$150,000 to reconstruct and repair the present building so that it can be used as an office building. The construction of the new building will probably be put in charge of General Casey, chief of engineers, as such a method of construction is considered more economical, speedy and better than by private contract. For the same reason an effort will be made to transfer to him the charge of construction of the new city postoffice building in this city.

WEATHER FORECAST.
 Fair weather; variable winds.

The Democratic defeat in New York this week was a stinging rebuke to Senator Hill.

DEMOCRATS stayed at home Tuesday and allowed the other side to do pretty much all the voting.

The Democrats saved the First Congressional district of Michigan. Small favors thankfully received.

DEMOCRATS of the country should be thankful it's no worse. No campaign was ever fought against greater odds.

RING rule got a severe blow in New York this week. The ringsters were knocked completely out of the ring.

The Democrats of Mason County have nobody to blame but themselves for the poor showing made at this week's election.

The Louisville Courier-Journal celebrated the twenty-fifth anniversary of its existence yesterday. May it live to celebrate its golden jubilee.

SENATOR HILL doesn't carry New York in his vest-pocket. In nominating such a man as Maynard for the highest judicial office in the State, he defied his party, and the party has given him a rebuke that ought to settle him politically.

Winning New Laurels.

Miss Lelia Wheeler, who is teacher of music at the Alabama Conference Female College of Tuskegee, Ala., is winning new laurels as a vocalist. She recently took part in the first faculty recital of the term, and a special from Tuskegee says: "Miss Wheeler is a vocalist of unsurpassed merit. She possesses a soprano voice of lute-like sweetness and bird-like flexibility. Added to this is a soul so thoroughly in unison with the composers that each feeling and emotion is perfectly pictured to the bearer. With a regally graceful, and peculiarly captivating manner, she wins the hearts as well as the ears of her audience. Her unfettered soul which fluttered through the soft notes of Shelly's "Love's Sorrow," manifested itself in more joyous attitude in that wonderful aria, the jewel scene from Faust. There it warbled softly, thrilled and swelled, till every fiber was throbbing with that 'joy beyond compare' of which she sang."

Larkin-Moore.

Miss Katherine A. Moore and Mr. John B. Larkin were married yesterday morning at St. James Church, Minerva, Father Kehoe officiating. The attendants were Messrs. Bonnie Larkin and William Bracken, of Washington. The bride is a daughter of Mr. T. Moore, of Fern Leaf. She wore a pretty costume of tan cloth. The groom is a prosperous young farmer of Washington. The couple were the recipients of many handsome presents. The BULLETIN joins their friends in best wishes.

River News.

Falling with eleven feet on gauge. Heavy fogs are delaying all boats. Scotia due down from Pittsburg and Congo from Pomeroy to-night.

The U. S. snagboat E. A. Woodruff passed down yesterday from a cruise up the river. She goes to Cincinnati for further orders.

Public Meeting.

Washington Camp No. 3, P. O. S. A., will have an open meeting to-morrow (Friday) evening at 7 o'clock at their hall in Wilson Building on East Second street. Good music. Addresses by A. A. Wadsworth and others. The public invited.

WEDDED ON WEDNESDAY.

Marriage of Mr. James M. Rains and Miss Alice Gabby Near Lewisburg.

The residence of Mr. and Mrs. William Gabby, near Lewisburg, was thrown open yesterday afternoon at 2 o'clock in honor of the marriage of their daughter, Miss Alice Gabby, to Mr. James M. Rains, of this city. The impressive ceremony was performed by Rev. Mr. Adams, pastor of the Baptist Church of Lewisburg. The parlors were crowded with relatives and intimate friends of the couple. The newly wedded drove to this city shortly after the ceremony, and left on the F. F. V. for Clifton, O., where they will spend part of their honeymoon visiting relatives.

The groom is a son of Mr. J. H. Rains, and is a member of the firm of J. H. Rains & Sons, tobacco manufacturers. He is one of our thrifty and most enterprising young business men. His bride is a young lady of lovely character. Both bride and groom are connected with some of the county's most highly esteemed families.

PERSONAL.

Miss May Eshom is spending a few weeks with friends in Covington.

Miss Kate Fisher of Hopkinsville, N. J., arrived yesterday on a visit to Miss Anna Laythan, of Mayslick.

Covington Post: "Miss Agnes Breen, of Maysville, is visiting the Misses Mehan, of Eleventh street.

Messrs. Harry and Robert West, of the Buckeye Engine Company, Salem, O., have returned home after a pleasant visit to Mr. and Mrs. Ben T. Smith, No. 112 East Sixth street.

MR. LOYD GERVIN and Miss Lula Gorrell, both of this county, were married yesterday at the County Clerk's office, Judge Phister officiating.

'SQUIRE W. H. ANDERSON, of Montserrat, Mo., and Miss Mary E. Dickson, of Rectorville, were married yesterday afternoon at the Central, by Rev. T. W. Watts. The groom is fifty-four and his bride fifty-two. They left on the F. F. V. for Montserrat.

The Sun Life Insurance Company has a capital of \$178,200, and has \$100,000 deposited with the State Treasurer. It is chartered by the Legislature, and among its stockholders are many of Louisville's prominent business men. Mr. D. E. Cloger is Assistant Superintendent for Maysville.

Mrs. Josephine Ellis, of Kansas, is visiting her parents, Mr. and Mrs. Burgle.

Prof. Alexander gave a performance at the school house here Tuesday evening.

Mrs. B. F. Hook and granddaughter, Mrs. Mary Pell, are visiting relatives in Greenup County.

Died, November 5th, at the residence of her son-in-law, James Ensor, Mrs. Thomas Williams, aged eighty-two. She leaves a husband and two children, a son and daughter, and many relatives and friends to mourn their loss. Funeral services at the house by Elder Adams. Burial at Maysville Cemetery. She was a consistent member of the Baptist Church.

Sane Suggestions From the Insane.

L'Anti-Alieniste is the title of a remarkable and amusing little sheet written and produced by the patients—they would, no doubt, strongly object to being called lunatics—of the great Bicetre asylum. Its editor in chief is one Charles Etlinger. Its circulation is limited, 40 copies being as large an edition as can be produced by the gelatine process. Politics and religion find no place in it, but it excels in satire, directed mainly against the doctors.

Its prose is not one whit more incoherent than that of the boulevards. Serious discussions are not tabooed. Apropos of a communication by Dr. Charles Fere to the Society of Biology relative to the transmission of madness from men to animals, Etlinger in a recent number inveighs against the promiscuousness in asylums which allows of the exchange of all sorts of madness between man and man. He demands to know what amount of reason it is necessary to possess to resist a long stay in an asylum like Bicetre, where the iron cages converge toward a common center and where the raving madmen disturb their more peaceful neighbors.—London News.

Why Delaware's Boundary Is Circular.

The northern boundary line of Delaware is circular because the charter given to Penn states that Pennsylvania was to be "bounded on the east by the Delaware river from 12 miles distant north of New Castle town until the three and fortieth degree of north latitude," and that the southern boundary was to be "a circle drawn at 12 miles distant from the town of New Castle northward and westward until the fortieth degree of north latitude and then by a straight line westward." This makes a circular boundary for northern Delaware unavoidable, and the facts above set forth explain a geographical curiosity that has puzzled many students.

STAY-AT-HOMES.

About Six Hundred Democratic Voters Failed to Turn Out Tuesday.

Reduced Majorities and Defeat Naturally Followed—Echoes From the Late Election.

The smoke of the battle has cleared away, and now's a good time to take a look backward and ascertain what caused the Democrats of Mason to make such a poor showing in this week's contest.

A study of the figures gives the real cause of the trouble. There were too many stay-at-homes. About six hundred Democrats failed to turn out in this county. The BULLETIN from the start tried to impress the fact on the candidates, the Executive Committee and all others interested that every Democratic vote would be needed in the Senatorial contest, and repeatedly urged all to do their duty. Had every member of the party in this county and Lewis done his duty the result would have been far different from what it is.

The largest Democratic vote cast for any one of the candidates, 2,107, was polled by Hon. A. P. Gooding. The full Democratic vote is about 2,600, but as high as 2,800 has been polled on one or two occasions in the past. In one neighborhood in precinct No. 7 there are fifteen Democrats who failed to vote this week. This will give you some idea of the indifference manifested and of the number of stay-at-homes.

In Dover precinct eighty-six Democrats failed to vote, while all the Republicans turned out but nine.

Had the magnificent organization perfected in this county a year ago been kept up, splendid work could have been done in this week's contest.

The stay-at-homes should study the result of this week's election and resolve to do better hereafter.

The official count will make but little change in the figures as given in yesterday's issue of the BULLETIN.

The new City Council and new Board of Education will be composed of the following:

NEW COUNCIL.

First Ward—L. M. Lane, C. D. Russell.
Second Ward—C. B. Pearce, Jr., Geo. C. Keith.
Third Ward—H. R. Bierbower, L. C. Blatterman.
Fourth Ward—Robert Ficklin, H. L. Newell.
Fifth Ward—George Crowell, W. W. Ball.
Sixth Ward—C. P. Dieterich, F. Dressell.

NEW SCHOOL BOARD.

First Ward—W. H. Wadsworth, J. C. Adamson.
Second Ward—Dr. Thos. E. Pickett, W. C. Sadler.
Third Ward—A. M. J. Cochran, W. L. Thomas.
Fourth Ward—M. C. Russell, George T. Hunter.
Fifth Ward—T. Y. Nesbitt, J. I. Salisbury.
Sixth Ward—W. H. Ryder, H. H. Collins.

While politics did not figure in the municipal election, yet it is an interesting fact that the new Council is composed of ten Democrats, one Republican and one Prohibitionist. The School Board is evenly divided politically, six Democrats and six Republicans. The new Mayor, Clerk, Police Judge and Chief of Police are Republicans, while the Treasurer and Assessor are Democrats.

M. C. Russell polled the highest vote for School Trustee. Judge Wadsworth leads all the other candidates in the municipal contest in the number of votes polled, C. E. Broese coming second.

The terms of the new officials will begin the first of next January. The Mayor serves four years, the Chief of Police two years, the Police Judge four years, the Treasurer two years, the Clerk and Assessor two years, members of Council two years. Half the new School Trustees will serve two years and the other half four years, as may be decided by lot.

ECHOES FROM OTHER POINTS.

At Augusta, the saloon men elected their entire ticket, as follows: Mayor, John W. Bowman; Police Judge, James Wallace; Councilmen, Wm. Teel, John O'Neil, Dr. J. C. Norris, John Fleming and John Reisor.

In Bracken, John B. Hiles, Democrat, was elected Representative by 75 majority, defeating Gray, Republican. Light vote.

Cynthiana voted \$40,000 for water works.

Walter Banks, colored, was elected member of Council at Mt. Sterling.

In Madison County, the Democrats gained all round. Covington, Democrat, defeated Burnam, Republican, by 49. Goodloe for Senator defeats Dodge, Republican, by 200. Searcy, Democrat, for Representative is elected over Henderson, Republican, by 150 majority. Mrs. A. T. Million, Democrat, is elected Superintendent of Schools over Moore, Republican, by 250.

Harrodsburg elected two colored Councilmen.

Tom Pettit, the Populist, was snowed under in Daviess County. He will not be in the next Legislature to take up its time with his everlasting gab.

At Paris, Charles D. Webb was elected Police Judge by 268 majority over J. M. Burbridge. Hon. E. M. Dickson had no opposition for the Legislature.

The Democrats elected all their candi-

dates at Newport, except one. Paris C. Brown was chosen Mayor by 217 majority.

Editor Curran, of the News, was unanimously elected Mayor of Dover for the fourth consecutive term. Five Councilmen were elected as follows: W. F. Munzing, J. J. McMillan, H. S. True, George C. Ladenburger and W. H. Thomas. Captain J. C. Hopkins was chosen Mayor of Catlettsburg, defeating Rev. Z. Meek by a small majority.

J. J. Smoot, Democratic candidate for State Senator, received a majority in Rowan County of 17. T. B. Tippet, for Legislature, got 627 majority. The Rowan County Democratic ticket was elected.

Fleming County gave Smoot, Democrat, for State Senator, a majority of 225, and Hart, Democrat, for Representative, a plurality of 250. The vote between Smoot and Logan, Republican, is very close in that district.

Blair, Independent candidate for the Legislature, carries Bell County, and will probably vote for Lindsay for Senator.

C. A. Howard defeated C. G. Worthington for Police Judge of Mayslick, and John Mitchell was elected Marshal. W. H. Arthur, Martin Fay, James McGee, John J. Archdeacon and George Benz were elected Town Trustees.

PICKETT-OSBORNE.

"Ingleside" the Scene of Happy Nuptials at Noon Wednesday, November 8th.

"Ingleside," the hospitable home of Mr. and Mrs. W. S. Osborne of Tuckahoe, was the scene of a happy wedding at high noon on Wednesday.

At the hour named their daughter, Miss Alma M. Osborne, and Mr. Montgomery B. Pickett, of Chicago, were united in the holy bonds of matrimony. Many relatives and friends were present to witness the happy event, and join in wishing the newly-wedded a future of happiness and prosperity.

The groom is the youngest son of Professor Joseph Desha Pickett, late Superintendent of Public Instruction in this State. He is to be congratulated on winning one of Mason County's loveliest and most accomplished daughters for a life companion. The happy nuptials yesterday were the result of a love match of long standing, the fruit of childhood association and school day attachment.

The ceremony, which was singularly beautiful and impressive, was performed by the venerable father of the groom. The happy couple left on the afternoon train for Chicago. They will sail for England on the 18th inst., Mr. Pickett going directly to London to arrange for a reproduction of the more striking features of the Columbian fair. He will be accompanied by a staff of skilled assistants.

The Lexington Observer in speaking of the groom says: "Mr. Pickett has been a marvelous success as a business man, for one of his early age. His talents for the management of the details of important business attracted the attention of expert business men of Chicago immediately after he went there to live three years ago, and he has never lacked for employment. At the inception of the Columbian Exposition he was offered a position at \$1,800 per annum. But a few months passed before he was advanced to \$2,500, after which the acquaintance of the manager of an English company ripened into friendship and an offer of \$3,000 per annum for a position in London. This he has accepted with the proviso that his expenses shall be paid both ways should he think proper to resign at the end of six months, and an increase of \$500 per annum should he conclude to remain the second year."

MR. CHARLES A. Wood, of Washington, has been appointed a Storekeeper-Gauger by Collector Shelby.

MISS WARDROPER, who taught public school at Key's school house last year, has secured a lucrative position as teacher at Little Rock, Ark.

THE Paducah City Council fixed the salary of the Mayor at \$1,200 per year. The Bowling Green Councilmen fixed Mayor Mallory's pay at \$1,000.

CHARLES BOLLINGER was fined \$800 and costs at Covington for operating a pool room. A few more fines like the above would drive the pool sellers out of that city.

G. A. NORTHCOTT, a Huntington merchant tailor, has been awarded the contract making the uniforms of the employees of the C. and O. railroad on the Kanawha, Cincinnati, Lexington and Big Sandy divisions.

MR. R. K. STICKLEY, ex-Maysvillian, is foreman in a plow factory at Norris City, Ill. He writes that the factory is putting in a new trip-hammer, drill and polisher, and has already commenced work for the trade of 1894.

FEWER turkey buyers are in market in Central Kentucky, and lower prices are being offered for turkeys, than at this time for several years past. Eastern dealers are expecting not more than half the usual trade, and shippers are buying only on advance orders. Prices offered range from 6 to 6½ cents on foot.

MRS. MARGARET KILGOUR, wife of Dr. J. C. Kilgour, died Tuesday, of pneumonia, at the family residence in Harrison, O. The funeral occurred yesterday, and the remains will be interred to-day at Cynthiana. Dr. Kilgour recently removed from this city to Harrison. He has the sincere sympathy of his friends in his sad bereavement.

MESSRS. JAMES THOMPSON and Courtland Leer and Miss Lula Thompson attended a delightful party Friday night given by Miss May Hord at her lovely home near Helena, in honor of her cousin, Miss Mabelle Hord, of Mexico, Mo. There were about fifteen couples present. About a dozen Parisians were invited to attend. —Bourbon News.

THE finest thing we have seen lately in the shape of a cane stalk is the one presented to Wm. Rosser, of the St. James Hotel, by Frank Thomas, of Flemingsburg. It is what is called a Louisiana briar, cut thirty-three years ago, and is twenty-eight feet in length and four and one-half inches in circumference and weighs only sixteen ounces. Mr. Rosser prizes it very highly.

YOUNG McCracken, who mysteriously disappeared from Chicago some days ago and was found in San Francisco, wandering about the streets in a half-demented condition, was a son of a Miss McConnell, who used to go to the Rev. Robert McMurdy's school, at Washington. He also had an uncle, Charles McConnell, who studied law at Washington. Miss McConnell married Ralph McCracken, the well-known gentlemen's furnishing goods dealer in Cincinnati.

A WRITER to the Stanford Interior-Journal thus laments the great decadence of Middlesborough: "I am in the Magic City, but the wand has departed from her hand. When I was here a few years ago I found 10,000 people, to-day less than 2,000. There are nearly 1,000 houses vacant. Houses that cost \$12,000 can be bought for \$1,500. People can come here and take possession of dwelling-houses, two stories high, and live in them, perhaps forever, rent free."

ANARCHISTS' WORK.

Dynamite Bomb Hurling Into a Spanish Theater.

A TERRIBLE SCENE FOLLOWS.

Sixteen People Were Instantly Killed and Fifteen Others Have Since Died—Over a Hundred People Were Injured, Fifty of Whom Can Not Recover—The Perpetrator of the Deed Has Been Arrested and Confessed.

BARCELONA, Nov. 9.—A dastardly crime was committed in this city Wednesday night that for fiendishness and crazy desire to murder has seldom been equaled. The Lyceum Opera House, one of the places of amusement much frequented by the elite of Barcelona society, was the scene.

There was a large audience present, the attraction being the opera "William Tell." During the second act two dynamite bombs were thrown from the gallery into the audience below. One of them exploded, killing 16 persons instantly and injuring over 100 others. 15 of whom have since died, and 50 cannot possibly recover.

The wildest confusion prevailed, and many men, their faces pale with fright, abandoned the ladies they had escorted and made desperate rushes for the exits, knocking down and trampling upon those in their way, without regard to age or sex.

When the smoke and dust cleared away the forms of many persons were seen writhing upon the floor. The seats had been blown to pieces, and the flooring in places torn up and the beams partly shattered.

The killed include a German named Roggenbrod, an Englishman named Ramm and a Frenchman named Verdon. Among the injured is a German of the name of Wicke, who was the representative of a North American firm. There are no Americans among the injured. Marie Damerini, a sister of the prima donna of the opera, was killed by the explosion. A large number of German tourists were in the audience, but none of them were injured.

All those who were not injured, or were only slightly injured, fought like wild beasts to escape. They expected every moment that other bombs would be thrown. Shrieks and curses were heard on all sides, and pandemonium reigned. Some of the bravest of the men sought to protect the women, but they were swept away like chaff before the fear-crazed mob that filled the aisles. Notwithstanding the frightful confusion, the lower part of the building was emptied in a few minutes of all but the officials and the dead and injured.

Immediately after the bomb exploded the officials grasped the situation. They knew that the outrage was the work of anarchists, and determined to prevent the escape of the miscreants. Some of them ran to the gallery and surrounded that part of it from which the bombs had been thrown. Several suspicious looking characters were seized and placed under arrest, and when a closer examination was made of the prisoners, it was found that two of them were anarchists well known to the police. One of them was a Frenchman named Aragon and the other an Italian named Maurice Saldani.

When the latter was taken before a judge he gave vague replies to the questions put to him. The only definite bit of information that could be got from him was that he was the leader of a recent strike of marbleworkers. A search was made of his house, but nothing of a criminal nature was discovered.

After remaining in jail for sometime he was again brought before the judge and finally confessed that he had thrown the bomb.

When the news of the outrage spread through the city, the opera house was quickly surrounded by a great crowd of excited people, who gave vent to their feeling of indignation by cursing the anarchists and the police. They insisted that the latter were to blame for the explosion, as they should have known that the anarchists are still active in the city.

Within the past six months several anarchist outrages have been perpetrated in this city, including the attempt by Pallas to kill General Martinez Campos, for which the would-be assassin was shot. The police were very active for a time in hunting down the anarchists, and their efforts were rewarded with great success, many of the gang falling into their hands.

Much explosive material was captured and then, apparently, the police rested content with their work, leaving the anarchists free to plan and execute other outrages. The feeling against the anarchists is very bitter, the people believing that this is but the first of a series of outrages that will be attempted to avenge the death of Pallas, who, the night before his death, declared that some of his fellow anarchists were sworn to wreak vengeance for his killing.

It is supposed that the reason that one of the bombs did not explode was that it struck the back of a man sitting in one of the seats, extinguishing the fuse, and dropped harmlessly to the floor.

The catastrophe has caused a profound sensation throughout Spain. The authorities of Barcelona are censured for permitting the perpetration of frequent outrages by anarchists or other lawless persons.

The queen regent is much upset over this fresh calamity coming so soon after the Santander disaster. Several additional anarchists were arrested last night.

Base Ball Player Insane.

CHICAGO, Nov. 9.—E. H. Decker, catcher in the Philadelphia League base ball club, and inventor of the catchers' glove now generally used, was yesterday, for the second time, sent to an insane asylum. Decker believes that he is immensely wealthy and has forged many checks of small amounts. He was arrested for these forgeries, but upon the advice of physicians was sent to an asylum as incurably insane.

SEAMAN WILL CONTEST.

Four Million Dollars Involved, Half Going For "Folly."

NEW YORK, Nov. 9.—The Seaman will case is on the calendar to come up in the supreme court, New York. This fight was begun four years ago by Gilbert Shute to break the will of Mrs. J. F. Seaman. The property involved included about \$4,000,000 in real estate in New York and \$2,000,000 in Chicago. Mrs. Seaman was the daughter of Thomas Drake. Her husband, John F. Seaman, built a great mansion near Kingsbridge, overlooking the Harlem, which has been called Seaman's Folly. This is valued at \$2,000,000. Mrs. Seaman died in 1878, 80 years old, a widow. She bequeathed most of the property to Lawrence Drake, whose mother was a half aunt of Mrs. Seaman. In 1879 a fight against the will was made by some heirs, but the contest accomplished nothing. Gilbert Shute is the present contestant. There are about 150 parties to each side of the suit. Lawrence Drake has a dozen of the ablest lawyers in the city, headed by Everts, Choate & Beaman. The contestant's counsel is George W. Wilson. He will try to prove three things—that Mrs. Seaman was of unsound mind, that the signature to the will was not genuine and that Lawrence Drake is not an heir.

Swift Punishment.

SPARTANBURG, S. C., Nov. 9.—Speedy and terrible punishment was meted out to a negro named Kennedy at Canby, last night. About dusk a married white woman and her little girl were returning home, when in a narrow lane near the house, a negro grabbed the woman, threw her down and began to choke her. Her screams aroused a little boy not far off, and he gave the alarm. Some neighbors started in pursuit of Kennedy and caught him at a house not far away from the scene of the struggle. He was put under arrest until about midnight, when he was taken out and hung.

How to Use Charcoal In Place of Ice.

For keeping large pieces of meat and poultry here is a simple device: Have a large barrel or hoghead half filled with charcoal. Put meat hooks in a strip of joist and place across the top of the barrel. Have a netting to spread over this. This barrel may be kept in a cool place and pieces of meat be hung on the hooks. The charcoal will keep the atmosphere dry and sweet, and the netting will be a protection against insects. Should there be danger from rats or mice use wire netting.

Fresh fish may be rubbed with salt, wrapped in paper and buried in a bed of charcoal. Of course the charcoal in boxes and barrels should be changed at least once a month. It can be used for lighting fires or for broiling meats or fish. If, however, it is difficult to get a good supply of charcoal, the old can be purified by putting it into the stove with a few lighted chips and allowing it to burn until redhot. At this stage open all the windows to let the gas pass off; then close the drafts of the stove, remove the covers and leave the room. When the charcoal becomes cold, it will be ready for use again.—Ladies' Home Journal.

Every Swede Died.

"For every mile of railway track built in Panama there have been a hundred lives sacrificed," said Thomas S. McCarthy of San Jose, Cal. "When the road was being constructed I was a contractor in that country and did work for the railway company. In my camp there were about 300 Swedes who had recently been sent direct to the railroad works. A Swede is a light haired person, and a blond, you know, is more liable to become poisoned with malaria than a brunette. Out of that number of Swedes there was not a single man who escaped.

"Six weeks after they began to work every one of them was dead and buried. There were five Chinamen employed on the works, and, strange to say, not one of them was attacked. They enjoyed excellent health, even more so than the native negroes. How it was that they escaped I never knew, but one of the Mongolians told me one day that the reason was because they smoked cigarettes."—St. Louis Republic.

Not a Case of Forgetfulness.

"Did you stamp and mail that letter for me, Henry?" she asked. "No, my dear," he replied. "Forgot it, I suppose," she suggested. "No, my dear," he replied. "My intentions were all right, and my memory was all right, but you know it was rather bulky."

"Yes, I expected that the postage would be 6 or 8 cents."

"And you wanted a special delivery stamp on it too."

"Yes."

"Well, I sent the office boy for some stamps, and he got 1-cent Columbia stamps, and after I had put them and the special delivery stamp on the letter it looked like a theatrical advertising board, and—and—"

"And what?"

"There was no room left for the address. I'll try again tomorrow with a larger envelope and 2-cent stamps."—Detroit Free Press.

Danger In Odd Nomenclature.

Anything out of the common in nomenclature runs the risk of being belittled by unskilled tongues. The nurse who called her charges Miss "Burial" and Miss "Jones" must have made their mother wish she had never christened them Beryl and Joan. As Betsy and Jane they would have come off all right. Horses, too, with fine names get strangely miscalled in the stable. One pair known by their master as Rusteb and Sohrab, degenerated first into "Rusty and Soreback," and fell ultimately into the commonplace as "the little horse and the Doctor."—London Globe.

Ex-Secretary Rusk Improved.

VIROQUA, Wis., Nov. 9.—The condition of Ex-Secretary of Agriculture Rusk is materially improved. Ex-Surgeon General Hamilton, who was summoned from Chicago, performed a delicate operation on the bladder yesterday afternoon and said that he thought General Rusk would speedily recover.

Conductor Killed in a Wreck.

LAWRENCEBURG, Ky., Nov. 9.—A freight train on the Louisville Southern collided with a rock car in a cut just east of Kentucky river bridge, at Tyrone. Conductor Smith was instantly killed and the fireman on the freight train was seriously injured.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Complete Manhood

and how to attain it.

At last a medical work that tells the causes, describes the effects, points the remedy. This is scientifically the most valuable, artistically the most beautiful, medical book that has appeared for years; 96 pages, every page bearing a half-tone illustration in tints. Some of the subjects treated are Nervous Debility, Impotency, Sterility, Development, Varicocele, The Husband, Those Intending Marriage, etc. Every man who would know the grand truths, the plain facts, the old secrets, and the new discoveries of medical science as applied to married life, who would atone for past follies and avoid future pitfalls, should write for this wonderful little book. It will be sent free, under seal. Address the publishers, under seal. Erie Medical Co., Buffalo, N. Y.
